

Kentucky Department of Agriculture
A Consumer Protection and Service Agency

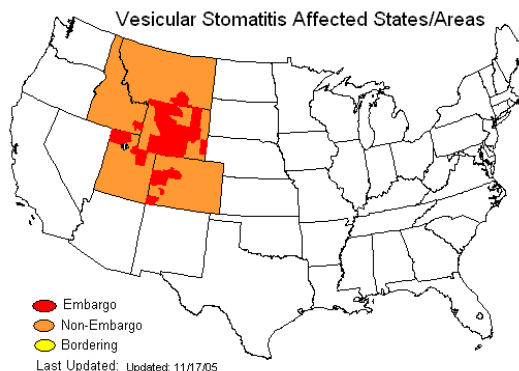

MEMORANDUM

TO: VS Embargo Update

FROM: Dr. Robert Stout 

DATE: November 10, 2005

SUBJECT: VS Embargo Updated Areas

Information reported by the USDA indicates vesicular stomatitis has been diagnosed for the first time during 2005 in Wyoming's Natrona County. This latest report also reapplies Colorado's Ouray County as having affected premises, and indicates that Yellowstone County in Montana has been cleared and released of all quarantines. Kentucky's Administrative Regulation 302 KAR 20:115 now prohibits the entry of all livestock, wild and exotic animals into Kentucky from the VS Embargoed portions of Colorado, Idaho, Montana, Utah and Wyoming as described below.

ENTRY REQUIREMENTS - Embargoed Areas within VS Positive States

All Livestock (including equine), wild and exotic animals are currently prohibited from entry into Kentucky from the designated areas defined to include the following counties:

COLORADO: Delta, Eagle, Garfield, Mesa Montezuma and Ouray

IDAHO: Caribou

MONTANA: Big Horn

UTAH: Box Elder, Duchesne and Summit

WYOMING: Big Horn, Campbell, Carbon, Converse, Fremont, Goshen, Hot Springs, Natrona, Park, and Sweetwater

Non-Embargoed Areas of VS Positive States Allowed Restricted Entry

In addition to the entry requirements found in 302KAR20:040 - Entry into Kentucky, all livestock (including horses), wild and exotic animals originating from the non-embargoed areas of a state having confirmed cases of VS are **required to meet** the following conditions prior to entering Kentucky.

1. **Be tested** and found negative to VS using a USDA approved test with the sample collected during the 10 day period prior to the animal's arrival in Kentucky.
2. **Equine** from a non-embargoed area must be **tested using the C-Elisa Test with the sample collected during ten (10) day period prior to the animal's entry into Kentucky.**
3. Have an **entry permit** issued by this office recorded on the Certificate of Veterinary Inspection. Permits will be issued Monday through Friday 8:00am – 4:30pm EDT.
4. Be accompanied by a **Certificate of Veterinary Inspection indicating that examination of the animals occurred during the five (5) day period prior to arrival in Kentucky** and containing the following statement: "Animals represented on this CVI have not originated from a premise or area under quarantine or on which vesicular stomatitis has been diagnosed in the past thirty (30) days or from an embargoed area restricted from entry into Kentucky."

States Bordering Designated Embargoed Areas

There are currently no bordering states defined by the KY Dept of Agriculture needing to meet entry requirements beyond those found in our entry requirement regulation by specie.

Vesicular Stomatitis Affected States/Areas
